

Sterilization Container Repair

Sterilization Containers require regular service to ensure they maintain their integrity as sterile barriers.

MISR provides repairs and replacement parts for *all* makes and styles of rigid sterilization containers. Repairs Include:

- **Gasket Replacement**
- **Latch Repair/Replacement**
- **Handle Replacement**
- **Inner Tray Repair**
- **Basket Repair**
- **Filter Retention Plate Repair**
- **Dent Removal**

Send your container base and lid together to:

Mobile Instrument Service & Repair
575 Wentworth Street East, Unit 29
Oshawa, Ontario L1H 3V8

On-Site Container Repair also possible in our mobile repair labs, eliminating shipping costs and reducing turnover time. Please contact your local On-Site Repair Technician to discuss a container repair project.
