

On-Site (Mobile) Repair Technician

Mobile Instrument Service & Repair (MISR) is a Canadian company that has been in business since 1982. As Canada's largest surgical instrument repair company, MISR is committed to being comprehensive partner for surgical instrument repair and preventative maintenance. **We are seeking On-Site (Mobile) Repair Technicians for contract employment in major cities across Canada, but in particular Calgary / Edmonton, Winnipeg, Ottawa / Montreal, and Halifax.**

On-Site Repair Technicians report to the General Manager. The role requires the following skills/experience:

- Ability to self-motivate; work from a home office and mobile repair lab (repair van)
- Willingness to travel and as required be away from home for extended periods of up to two weeks
- Capability to work with ones hands/mechanical know how
- Capability to work with machinery; ability to follow instructions and safety protocols
- Positive attitude, presentable to clients, and desire to provide top customer service
- Attention to detail and ability to manage communications with customers and management
- Reasonable computer skills to create work orders and other business documents
- Good driving record; readiness to be accountable for service and maintenance of a mobile repair lab

In the case of an applicant without experience repairing surgical instruments, MISR will provide training at our Oshawa-based national repair centre and also in the mobile repair lab. Career progress will be encouraged as skills are proven over time.

Remuneration for this position will be:

- Commission for repairs completed On-Site as well as "take-away" repairs sent back to the National Repair Centre for completion
- Expense reimbursement for overnight accommodations

Please send a cover letter and resume to mikemerrick@mobileinstrument.ca. Only short-listed candidates will be contacted. No phone inquiries please.
